

Assigned Area	Quick Fix Ideas Added October 5, 2006	Planned method to address topic
Williams/Scheib	No construction or mowing on facilities while classes are going on nearby! Inhibits student learning.	Work with contractors on scheduling of work
Rapp	Better technology in the classroom for Humanities.	New items in the November Board agenda for 3 classrooms
Williams/Scheib	Better lighting on the steps of the theater. I tell everyone to watch their steps as they walk down the aisles.	
Smith/Armstrong	Do recruitment at "Colvin Building" upper level classes. AM & PM	Title III and SSS grant initiatives
Reed/Buchman	Paper work for cars & vans need to get to the right place on time, not 3-4 days later after it is gone. More communication for cars & vans leaving and coming back.	Electronic system should correct this- are all employees using the electronic format?
Williams	More money.	Not sure what this is in specific reference
Smith/Armstrong	Make a uniformly used name tag for every campus visiting student that can serve as a heads up for everyone who sees them so we'll make a special effort to make eye contact & greet them.	Key is to assist visitors through identification or communication with staff
Smith/Novack	Photo directory of students helps to learn their names.	
Rapp	Offer classes when students want to take them. Not when our instructors want to teach them.	
Dunn/Yoxall	Increase or enhance communications through daily news reports.	
Williams/Scheib	Paint office doors in the Hobble Academic Building.	
Rapp	Offer online courses, and offer more ITV courses.	
Dunn	Put the title of each building on the building.	
Dunn	Web Page; Fix it- its internal and holds no interest for the outside world.	Website workgroup being established
Dunn/Williams	Have the art dept. paint a mural on the north side of the wall by the amphitheater.	
Dunn	Break room for the employees who bring their lunch.	Patsy Fischer's area may be an area that could be utilized. Coordinate with Patsy
Williams	Cover on thermostat by A102.	Completed
Smith	Why charge \$50 graduation fee? Why not use student fee dollars, there are a lot of students who don't walk because of the \$\$ . We charge the highest amount of all the other Community Colleges.	

Williams/Scheib	Get rid of the motorcycle parking. They tie up 4 prime parking spots and they're empty most of the time. Motorcycles or cars can park in first-come/first-served spots.	Only 2 bike stalls on south lot and 2 stalls in north lot. Prevents cycle/car damage
Williams/Scheib	Limit (reduce the number) of motorcycle parking spots. I've only seen one bike in the spot since the semester started. Why not give special parking -reserved to sedans, sports cars, pickups, SUV's etc.	
Dunn	Signage: still nothing on buildings when you pull up to campus parking lots. Inside; signs protrude from wall at offices, HR, Admissions, Bus Div, restrooms, etc..	In Progress - bids have been solicited. Should go to Board in December
Dunn	Signage	
Rapp	Get a new computer for the Scan Tron grading machine on campus.	
Williams/Scheib	Trim the 3rd cedar tree of dead wood outside Hobble Academic Building SW entrance.	
Williams	New phone system. Voice Mail.	RFP in progress
Rapp	A new Ag pickup would look good at area homecoming parades.	
Williams	Bring back the golf cart in the parking lot for transporting the less agile.	
Dunn/Yoxall	Recognize those departments who have made past quick fixes happen. What has been fixed since the last time? People like Kudos!	Notify supervisors/Deans/president of accomplishments so recognition can be made
Williams	New water fountains around campus. Some are very "gross" looking.	
Group	I would like to see afternoon meetings begin at 2:00 rather than 1:30. When meetings begin at 1:30 it throws off the lunch hours in an office. Students and faculty learn when someone is available within an office and expect you to be there during certain hours.	
Williams/Scheib	Update signs on vehicles (assume note is about faded signs)	
Williams/IT	Update spam filter	In Progress
Williams/Scheib	Improve entry of restrooms for disabled individuals
