Dear **Donor's Name**,

Thank you so much for the scholarship that I have been given to attend Seward County Community College. I am the first one in my family to be able to go to college. My parents are very excited for me, but I know that they cannot afford to pay for my college education with three other children still at home. Without your scholarship and the other financial aid I am receiving, it would not be possible for me to attend college.

I will be a freshman at SCCC and am really looking forward to living on campus, attending classes, and making new friends. I will be majoring in accounting. I have taken accounting classes in high school and really enjoy it. I hope to become a CPA and work for an accounting firm in a large city.

Thank you again for funding my scholarship. It will help tremendously with my college expenses.

Sincerely,
Student's Name
Student ID (800#)

Note: Don't know who to make your thank you note out to: look at the "Terms and Conditions" tab on your award page through the myCampus Portal.
