PREFERRED MEDICATION LIST
OCTOBER 2007 SELECT

Your prescription drug benefit includes a list of medications called a formulary. Doctors and pharmacists dedicated to providing patients with high-quality, cost-effective prescription drug therapy reviewed and approved this formulary. All medications were selected after considering safety, effectiveness, uniqueness and cost.

Medications on this list are formulary drugs. Drugs not listed are non-formulary (NF). Coverage of formulary and NF drugs is subject to your plan's benefit design. Generic drugs are listed in lower-case; brand drugs are in capital letters.

Dollar signs are based upon Average Wholesale Price (AWP) or Maximum Allowable Cost (MAC) and range from one (\$) to five (\$\$\$\$\$), ranking the drugs from least to most expensive. Within the same dollar sign, drugs are listed alphabetically. Dollar signs for maintenance drugs are typically based upon a 30 day supply at a commonly prescribed dosage. For drugs not usually taken 30 days per month, a more appropriate basis is used to determine dollar signs.

\$ \$20 or less
\$\$ \$20.01 to \$40
\$\$\$ \$40.01 to \$80
\$\$\$\$ \$80.01 to \$160
\$\$\$\$\$. More than \$160

DR = Delayed-release
ER = Extended-release
IR = Immediate-release
NF = Non-formulary
PA = Prior authorization
QL = Quantity limits
SL = Sublingual

Please show this formulary to your doctor each time a prescription is written and remember to ask "Is there a generic medication that is right for me?" To encourage the use of generic drugs, brand formulary drugs usually become NF after a generic version becomes available.

To access a searchable version of this formulary, visit our Web site at www.bcbsks.com. This formulary list was current at time of printing and is subject to change.

NF drugs that require prior authorization (PA):

- CELEBREX • OMNITROPE • TEV-TROPIN
• HUMATROPE • SAIZEN • VIVAGLOBIN
• IPLEX • SEROSTIM • XOLAIR
• NORDITROPIN • SYNAGIS • ZORBIVIVE

NF drugs that have quantity limits (QL):

- AMERGE • CIALIS • MAXALT
• AXERT • FROVA • MAXALT-MLT
• butorphanol nasal • LEVITRA • RELPAX
